

Independent Learning Task

Subject	English
ILP #1	Give a presentation on an extreme sportsperson of your choice
Week set:	Week 17
Duration:	1 to 2 hour
Hand in:	Week 21
Instructions:	<p>This can be either an individual or paired task.</p> <p>You need to research and find out about a famous extreme sportsperson and create a presentation on them to present to the class. You can use Google slides or Powerpoint to back up your presentation, but try to avoid having too much writing on the slides as it will distract your audience from what you're saying.</p>
Skills:	<p>You'll need to think carefully of what to search for and use your skimming, scanning and close reading skills to read and pick appropriate information to include in your presentation. Try not to copy and paste – put it into your own words.</p>
Marking schema:	<p>This will be your Talking and Listening assessment for this unit using the success criteria that your teacher will give you.</p>
Additional guidance or help:	<p>Think carefully about what makes a good presentation visually. Your teacher will talk you through this.</p>
