

Independent Learning Task

Subject	Maths
ILP #1	Module 1: Calculations & Rounding
Week set:	Week 4
Duration:	1 hour
Hand in:	Week 5
Instructions:	Use Teams Classwork to find lists of the relevant learning objectives shared by your teacher in the classwork section. Use your Maths tracker spreadsheet to access resources. Complete at least one of the following and show evidence to your teacher: • MyMaths task (use your personal login details - My Portal) • Written task using practice questions on tracker link • MathsPad task • Poster • Flashcards
Skills:	Addition, subtraction, multiplication and division of whole numbers, decimals, negative numbers. Rounding numbers to various degrees of accuracy.
Marking schema:	Instant feedback is given by MyMaths and MathsPad, also your teacher can view your work online to see any areas for improvement, which they will discuss with you. Written work in your book will be marked by your teacher.
Additional guidance or help:	Use the links to videos on your Maths tracker for extra help. Attend Maths support sessions after school where you can work with friends or ask a teacher for advice.
