Dear Student

Re: Employability and Skills Event

On Thursday 7th November, the Department of Education Sport and Culture (DESC) will be holding their annual Employability and Skills event at the Villa Marina.

This event gives people the chance to speak with professional people from a diverse range of employment sectors including the creative industries, finance, hospitality, science, technology, engineering and uniformed services.

Year 11 students from St. Ninian's will be visiting the event during period 1&2.

During their visit students are encouraged to speak to professionals from at least two sectors about specific job roles, career pathways and general employability skills. This is a great opportunity to learn about the diversity of opportunity in the world of work and to hear first-hand about how people build their own personal career pathways.

Before the event students should think about which sectors they would like to find out more about, and consider what strengths and interests related to the world of work they already have.

Prior to the visit Tutors will talk to students about preparing for the event and share specific information about registration. On the day students will register at the Villa Marina for 8:50am, after the visit, we will be walking back to school in time for break and period 3.

Yours faithfully

Mr T Smith
Deputy Head Teacher

CC: Parent/Guardian
