Dear Parent/Guardian

Re: Year 11 PSHE Curriculum

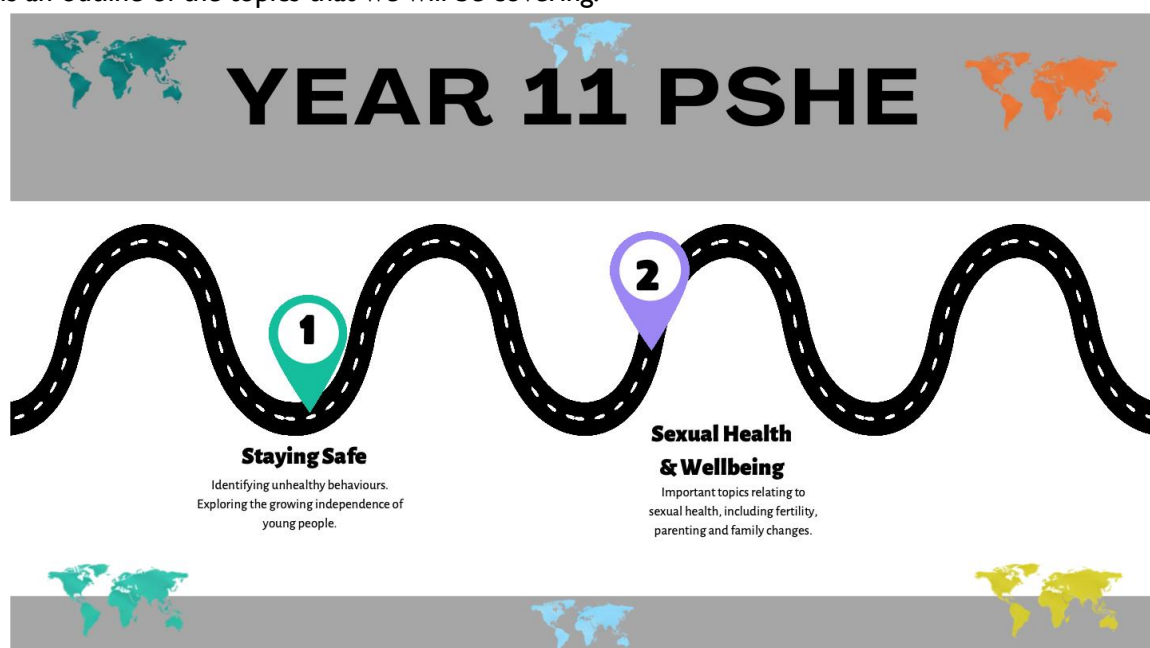

From September 2026, we have been able to ensure that opportunities for PSHE are more formally timetabled into the curriculum for Key Stage 4 in the form of a regular lesson.

PSHE stands for personal, social, health, and economic education, which are the broad areas this important subject covers. PSHE is taught throughout all key stages on the island and focuses on developing the whole child and equipping students with the knowledge, skills, and understanding needed to look after their well-being, make informed decisions, and enjoy positive relationships.

It is important to recognise that PSHE lessons will be delivered by a dedicated team of skilled staff in a manner that is developmentally appropriate, and the curriculum will build upon prior learning.

Some units of work within the PSHE curriculum covers Relationships and Sex Education (RSE). The content covered for RSE is directed by PSHE Leads across the island working closely in conjunction with The Department of Education, Sport and Culture (DESC). Lesson plans have been adapted and approved to fit with our aims and values of empowering our students to be self-motivated and confident learners who have respect for others, enabling them to make informed life decisions.

Below is an outline of the topics that we will be covering.
