Dear Parent/guardian

Re: Learning

Following several enquiries relating to homework and online classrooms, we have reviewed and updated the information on our website to provide parents with further guidance and support.

Under the **Learning** section of our website, you will find the following information:

Independent Learning

Our [Independent Learning webpage](#) outlines our rationale and expectations for learning tasks completed outside of lesson time. These include **Independent Learning Tasks**, which all students are expected to complete, and **Additional/Enrichment Tasks**, which are optional but designed to deepen understanding and strengthen recall.

Online Learning

Our [Online Learning webpage](#) provides an overview of the digital resources available to students through their school Microsoft 365 accounts. This includes the software they can access, their school email accounts and their online classrooms. It also outlines how students log in to "M365"

Online classrooms, accessed through Microsoft Teams, provide students with an overview of the topics they will study throughout the year ahead, along with more detailed lesson information of the topic they have or are currently studying.

We hope you find this information useful. Thank you for your continued support in helping students develop positive habits of independent learning.

Yours faithfully

Mr T Smith
