Dear Parent/Guardian

Re: Year 9 STEM Futures Event

On Wednesday 14th October 2026, all Year 9 students have been invited to a STEM Futures event at QE2. This event, offered to all Year 9 students across the Isle of Man is organised by the Department for Enterprise. This event is to showcase the opportunities on offer on the Island in STEM. We believe that this will be a valuable opportunity for all involved.

Students should bring a packed lunch and a water bottle as we will travel across lunchtime. Those students who receive free school meals are to collect their packed lunch from the canteen prior to departure.

This trip is fully funded and so no donation is required from parents. Students will be transported to the venue and returned by coach before the school day ends.

Students who do not wish for their image to be shared should inform the teacher completing their register and collect a lanyard prior to entering the venue. Alternatively, if you do not wish for your child to be photographed by the event organisers, please contact the school and I can arrange for a lanyard for them.

If you have any questions regarding the event, then do not hesitate to contact me via SNHSEnquiries@sch.im.

Yours faithfully

Dr B Houghton
Subject Leader of Science

LOWER SCHOOL (Years 7 – 9)

Heywood Avenue, Onchan
Isle of Man, IM3 3AR
