

# Y12 Option blocks 2026

(3<sup>rd</sup> February 2026)

A “block” represents 6 specific lessons in the week (for example Mon1/2; Tues 5/6; Thu 3/4). At these times all the lessons in that block are being taught simultaneously. So a student can only study one subject from a block.

These are the blocks for next year’s timetable.

Block A	Block B	Block C	Block D
Chemistry	English Literature	Business Studies	Art
Criminology	Maths	Geography	Biology
Comp Science	Politics	Health & Social	Drama
English Language	Re	Media	Economics
Info Tech	Sport	Music	Enterprise
Product Design	Textiles	Pe	History
Psychology		Physics	Psychology
Sociology		Spanish	Sociology

Students are required to select **three** subjects along with a reserve.

The selection is done through an online portal. <https://www.studentoptions.co/SNHS-year11/>

Log in details (Usernames and passwords) are emailed directly to students.

Use **1-3** to indicate the three subjects you would like to study, in priority order (1 being the subject you most wish to study). Make sure the subjects are in different blocks.

Use **R** to indicate a subject you would study if one of your other subjects were not available.
